

Meet your teacher!

Hello! I am Berna and I'm going to be your Year 2 teacher when September comes around. I am very excited to meet and get to know you all!

In Year Two we have some fantastic learning opportunities, exploring exciting topics such as hibernation and The Great Fire of London! We also make lots of time to read and enjoy books together.

In your new classroom...

You will find lots of things to help you with your learning. We have different areas for different parts of your learning, like our maths, writing, enquiry and creative stations.

We have a cosy book corner, where you can relax with a book or check in with our zones of regulations and think about what your body and mind need to learn.

We also have our discovery areas with Lego, Polydron and Small World to explore during our Friday discovery sessions. You will have fun and feel safe and cared for in your new classroom.

About me

When I'm not teaching, I love to go on adventures and explore new places. My parents come from Türkiye, so I have had the chance to visit many different places there, as well as travel to other amazing countries. During my time at university, I even got to go all the way to Zambia! While I was there, I volunteered at Zambian schools and got to see how children learn there.

I have always enjoyed arts and crafts. I love creating things! Whether it is making props for English lessons, going to a pottery club, or even learning how to sew. There is something magical about bringing ideas to life with my own two hands!

My absolute favourite subjects to teach are Art and English. Teaching English is especially exciting for me because it lets me discover fascinating books and is a great way to learn how to put our thoughts and ideas onto paper in the most wonderful way!
